

EXCELLENCE
STARTS HERE

Looking ahead

This is just the beginning. Establishing **Centres of Excellence** sets a new standard for vocational education—responsive, dynamic, and aligned with workforce needs. This model will inspire further transformation, ensuring vocational education evolves to empower future generations.

Excellence Starts Here. Be a part of it.

A new era for VET Schools

Vocational education powers a skilled workforce. Excellence Starts Here is transforming two VET schools - Tulchyn Higher Vocational School No. 41 and Kvasyliv Professional Lyceum - into **Centres of Excellence**, setting new standards in training, industry partnerships, and curricula. More than an upgrade—it's a shift toward excellence.

By combining technology, innovation, and industry collaboration, this initiative equips students with real-world skills for today's job market.

Shaping Ukraine's future

With **advance curricula**, **modern equipment**, and **strong industry ties**, this initiative will:

- Equip students with **skills** for high-growth industries.
- Empower educators with modern **tools**.
- Connect training to **workforce** needs.
- Boost regional **economies** with job-ready professionals.

More than improved facilities, this is a sustainable, excellence-driven model that can be scaled nationwide.

Who Benefits?

Students

- Hands-on training with **modern technology**.
- Industry-recognised **certifications** and job placements.
- Access to **international best practices** in vocational education.

Educators

- Innovative **teaching tools and training programmes**.
- Opportunities to shape a pioneering education model.
- Stronger **collaboration** with industry leaders.

Employers

- A skilled, job-ready **workforce**.
- Efficient **recruitment** from vocational institutions.
- Input into training programmes that match **industry demands**.

Policymakers

- A scalable model for **modernising** vocational education.
- Strengthened **economic competitiveness**.
- A sustainable **framework** for VET school development.

Our approach to Excellence

The **Excellence Starts Here** initiative ensures lasting impact through:

- **Modernised facilities:** Industry-standard machinery and technology.
- **Employer engagement:** Stronger partnerships to align education with job market needs.
- **Curriculum innovation:** Cutting-edge training methodologies.
- **Student-centred learning:** Personalised experiences that build confidence and skills.
- **Sustainability:** A scalable model for nationwide impact.
